EnviroSure, Inc. Acquires Environmental Testing, Inc. to Better Serve the Mid-Atlantic Market

West Chester, Pennsylvania, May 7, 2020 – EnviroSure, Inc., specialists in environmental assessment, remediation and compliance, has acquired Environmental Testing, Inc. (ETI), an environmental consulting and management company based in Middletown, Delaware. ETI has over 30 years of experience as leaders in the industrial hygiene and indoor hazardous materials testing market with Environmental Protection Agency (EPA) and Asbestos Hazard Emergency Response Act (AHERA) accredited field professionals. This acquisition establishes EnviroSure as a fully integrated, full-service environmental firm while expanding its business securely into the Delaware and Maryland markets.

ETI was founded in 1988 and specializes in services focused on industrial hygiene and asbestos, lead-based paint, and mold testing services for school districts, federal government agencies, and industrial and commercial clients. EnviroSure plans to seamlessly incorporate these services into its existing strength in soil and groundwater investigations, remediation work, and Phase I and II Environmental Site Assessments (ESAs).

The acquisition closed on April 16, 2020 and services have continued uninterrupted at the ETI office in Middletown, Delaware located at 219 West Green Street. ETI's full staff, including management, have accepted positions with EnviroSure. By cross training its employees, EnviroSure will offer the full suite of services from its current locations in Shrewsbury, NJ, Philadelphia, PA, West Chester, PA, and Middletown, DE.

About EnviroSure, Inc.

Established in 2006, EnviroSure, Inc. has become a reliable and trusted partner in delivering timely assessments and solutions addressing environmental liability on commercial and industrial properties. Services include soil and groundwater investigations and remediation, as well as, Phase I and II ESAs.
